RE: A CHANGE IN RISK LEVEL

Dear All,

We have been advised by the Western NSW Local Health District that there are now 2 confirmed cases of COVID-19 in Parkes Shire. We have been instructed by the Public Health Unit, based on the identified positive case in the community and vulnerabilities of aged care services, to move your Centre from Risk Level 4 to Risk Level 5 on our Risk Assessment Matrix effective 3 September 2020.

At-Risk Level 5, the following precautions will now apply:

- No visitors, volunteers or non-essential contractors permitted to visit the Centre, except contractors providing essential services such as cleaners, kitchen staff, emergency tradespeople and some allied health providers. The exception will be for visitors coming in to visit a palliating resident;
- Residents will be unable to leave the Centre unless it is for a medical or dental appointment or to visit a palliating member of their immediate family;
- Temperature checks will continue on all parties entering the Centre;
- Temperature checks and close monitoring will continue for all residents, and where there is concern or symptoms referral for review and testing will be made;
- Group activities shall be no more substantial than 2-3 people indoors and 5-7 people outdoors with strict physical distancing measures in place.

If you have symptoms of respiratory illness including a cough or a cold, or if you have a fever or have lost your sense of taste or smell, we ask that you do not visit the Centre if you are permitted to do so. Speak to your General Practitioner or call the National Coronavirus hotline. Please also advise your Centre Manager.

As always, you are encouraged to reach out to the Centre by phone or email should you require an update on the wellbeing of your loved one. We can facilitate regular contact in different ways to enable our residents to remain connected with their families.

Should the Centre Manager and senior operational and clinical leadership team feel there is an assessed need for further support of your loved one, we will contact you to develop a specific interaction plan.

In addition, if you are one of the identified families or representatives who has been allowed to visit the Centre, we will be in contact with you to develop a visitor access plan.

We appreciate your consideration and your continued support.

If you have any questions, please get in touch with your Centre Manager as they would be happy to assist.

Kind regards,

A handwritten signature in black ink that reads "Sfeddema".
