

Our Residents and Representatives
Seaforth Gardens Aged Care Centre
The Salvation Army Aged Care

Monday 1 June 2020

Dear all,

Given that the State Government has been relaxing restrictions with regards to social distancing requirements in Western Australia and there has been a reduction in the risk of local community transmission, we have reviewed our COVID-19 Outbreak Prevention and Risk Management Matrix and decided to transition Seaforth Gardens from Risk Level 4 to Level 3. This change will be effective from Tuesday 2 June 2020.

At Level 3, all the current visitor requirements remain in place and the key differences relate to volunteers being permitted to come in and visit residents (subject to that resident still receiving one visit per day), large group activities taking place and an easing of residents being able to move offsite. Staff will continue to monitor residents for signs and symptoms of respiratory infections.

We have also had feedback from family members who are now returning to work that the afternoon visiting hours are a little restrictive in terms of enabling them to visit on their way back from work. Accordingly the afternoon visiting hours are adjusted to 3.30pm to 5.30pm to provide greater opportunity for these family members.

If you have any feedback, please feel free to send me an email at Richard.deHaast@salvationarmy.org.au.

Thank You

Richard de Haast
National Director
