(b) Revenue recognition

I) Revenue recognition policy for AASB 15 Revenue from contract with customers and AASB 1058 Income for Not-for-Profit Entities

Revenues are recognised net of the amounts of goods and services tax (GST) payable to the Australian Taxation Office. The AASB 15 *Revenue from Contracts with Customers* and AASB 1058 *Income of Not-for-Profit Entities* are applied to the following revenue streams:

(i) Government aged care accommodation subsidy

Government aged care payments are received from the Government to assist with the provision of aged care and support services. Revenue is recognised over time as performance obligations are met.

(ii) Client fees

Resident fee income is recognised on an accrual basis when the service has been provided to the resident. Accrued resident income represents fees due from residents not billed at balance date. Revenue is recognised over time as performance obligations are met

(iii) Related party funding

Related party income is program funding from The Salvation Army Australia Territory that is recognised in income upon receipt.

(iv) Donations

Donations collected, including cash and plant and equipment, are recognised as other income when the Aged Care Combined Group gains control of the asset.

II) Revenue recognised under AASB 16 Leases

The Salvation Army (New South Wales) Property Trust Residential Aged Care Services

Notes to the Financial Statements

For the Year Ended 30 June 2023

3 Significant Accounting Policies (continued)

(b) Revenue recognition (continued)

(i) Accommodation payments

Residential accommodation agreements in which residents who choose to pay a RAD or a bond for their accommodation services are considered to be a lease under AASB 16. The Aged Care Combined Group has recognised as lease income an imputed non-cash charge representing the resident's right to occupy a room under the arrangement. The Aged Care Combined Group has concluded that the lease term for these arrangements is no longer than 7 days (being the notice period required from a resident before departure) resulting in an imputed discount rate being akin to the short term cash rate. The Aged Care Combined Group discloses Daily Accommodation Payment (DAP), Daily Accommodation Contribution (DAC) and accommodation supplement revenue separately from revenue from contracts with customers. Revenue is recognised over the time period the customer is a resident of the facility.

(c) Cash and cash equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash at bank and cash on hand.

Cash for the Aged Care Combined Group is held and managed by central treasury for The Salvation Army Australia Territory and as such cash equivalents are reflected as a receivable.

(d) Financial instruments

(i) Financial assets - trade receivables

Initial recognition and measurement

The Aged Care Combined Group holds trade receivables with the objective to collect the contractual cash flows. Trade receivables are recognised initially on the date that the Aged Care Combined Group becomes party to the contractual provisions of the instrument, and therefore, measures them at amortised cost using the effective interest method, less any impairment.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred) less provision for impairment.

The Salvation Army (New South Wales) Property Trust Residential Aged Care Services

Notes to the Financial Statements

For the Year Ended 30 June 2023

3 Significant Accounting Policies (continued)

(d) Financial instruments (continued)

All recognised trade receivables are subsequently measured in their entirety at either amortised cost.

(ii) Impairment of financial assets

The Aged Care Combined Group applies a simplified approach in calculating expected credit losses (ECLs) for trade receivables recognising a loss allowance based on lifetime ECLs at each reporting date rather than monitoring changes in credit risk. The Aged Care Combined Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Aged Care Combined Group considers a financial asset is in default when contractual payments are 120 days past due. However, in certain cases, The Aged Care Combined Group may also consider a financial asset to be in default when internal or external information indicates that The Aged Care Combined Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by The Aged Care Combined Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(iii) Derecognition

The Aged Care Combined Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to the asset to another entity. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of consideration received and receivable and is recognised in profit or loss.

(iv) Financial liabilities

The Aged Care Combined Group measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method. The financial liabilities of The Aged Care Combined comprise trade payables.

(e) Property, Plant and equipment

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. When parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

Gains and losses on disposal of an item of plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of plant and equipment and are recognised net within "other income" in the Statement of Profit/(Loss) and Other Comprehensive Income.

The Salvation Army (New South Wales) Property Trust Residential Aged Care Services

Notes to the Financial Statements

For the Year Ended 30 June 2023

3 Significant Accounting Policies (continued)

(e) Property, Plant and equipment (continued)

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of plant and equipment.

The estimated useful lives for the current and comparative periods are as follows:

Plant and equipment	4 years
Furniture, fixtures, and fittings	4 years
Motor Vehicles	4 years
Software	3 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. All minor assets costing less than \$10,000 are immediately expensed in the period in which they occur. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(f) Intangible Assets – bed licences

Residential aged care bed licences have been granted to the Aged Care Combined Group by the Department of Health and Aged Care in the past at no cost. It is not possible to measure the fair value at acquisition date as the acquisition dates are not always available. Future acquisitions will be recorded at fair value as at the date of acquisition, as determined by independent valuation if available.

(g) Trade payables

These amounts represent liabilities for goods and services provided prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid under normal business terms.

(h) Maintenance and repairs

Maintenance, repair and minor renewal costs are charged as expenses as incurred, except where they relate to the replacement of a component of an asset in which case the costs are capitalised and depreciated in accordance with note 3(e).

(i) Property levy

Property levy includes charges for the use of aged care buildings owned by The Salvation Army Territory. Property levy charges are expensed as incurred. The Aged Care Combined Group does not have any additional obligations in relation to the aged care buildings.

The Salvation Army (New South Wales) Property Trust Residential Aged Care Services

Notes to the Financial Statements

For the Year Ended 30 June 2023

3 Significant Accounting Policies (continued)

(j) Employee benefits

(i) Wages and salaries and annual leave

Wages and salaries, including non-monetary benefits and annual leave expected to be settled within 12 months of the reporting date, are recognised as liabilities in respect of employees' services up to the reporting date and measured at the amounts expected to be paid when the liabilities are settled. The accrued wages are included in the accruals and the annual leave is included in provisions.

(ii) Long service leave

The net obligation in respect of long-term service benefits, is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using expected future increases in wage and salary rates including related on-costs.

(k) Refundable accommodation deposits

Refundable accommodation deposits (RAD) are paid by residents upon their admission to facilities and are settled after a resident vacates the premises in accordance with the *Aged Care Act 1997*. Providers must pay a base interest rate on all refunds on the RADs within legislated time frames and must pay a penalty on refunds made outside legislated time frames. Accommodation bonds balances held prior to 1 July 2014 are reduced by annual retention fees charged in accordance with the *Aged Care Act 1997*.

RAD refunds are guaranteed by the Government under the prudential standards legislation. Providers are required to have sufficient liquidity to ensure that they can refund bond balances as they fall due in the following twelve months. Providers are also required to implement and maintain a liquidity management strategy, which is updated annually.

The total balance of refundable accommodation deposits owed to residents has been classified as being 'expected to be settled within 12 months' or 'expected to be settled after 12 months' on the basis of past payment history.

(l) Goods and services tax (GST)

Revenues, expenses, and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO).

In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST excluded.

The Salvation Army (New South Wales) Property Trust Residential Aged Care Services

Notes to the Financial Statements

For the Year Ended 30 June 2023

3 Significant Accounting Policies (continued)

(m) Leases

Peppercorn and concessionary leases

The Aged Care Combined Group record no balances in relation to the Land and Building assets for the premises occupied and used to operate the business. The Aged Care Combined Group are instead charged a property management fee by the Salvation Army Australia Territory for the use of the premises. This arrangement is treated as a peppercorn and concessionary lease arrangement.

The term “peppercorn lease” is used to describe a lease that has nil or nominal lease payments. The term also includes leases with lease payments that are more than nominal but significantly below market value, principally to enable the Aged Care Combined Group to further its not-for-profit objectives. It is a requirement of AASB 1058 and AASB 16 that all peppercorn leases be recognised in the balance sheet as a right-of-use asset and a corresponding lease liability. The AASB issued AASB 2018-8 Amendments to Australian Accounting Standards Right-of-Use Assets of Not-for-Profit Entities provides a temporary relief option for not-for-profit entities to measure a peppercorn lease at either fair value or cost. Cost represents the measurement of the lease liability and hence would be a negligible amount. The Aged Care Combined Group has adopted the cost method for disclosure of peppercorn leases.

(n) Comparatives

Where necessary, comparative information has been reclassified to achieve consistency in disclosure with current financial year amounts and other disclosures.

(o) Deferred Income

Government grant funding received in advance, which has a present obligation to be paid and where conditions are not met, is accounted for as deferred income.

(p) Provisions

A provision is recognised if, as a result of a past event, The Aged Care Combined Group as a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and risks specific to the liability.

(q) Investment income and expenses

Investment income comprises interest income recognised as it accrues in the Statement of Profit or Loss and Other Comprehensive Income, using the effective interest method.

Investment expenses comprise interest expense on borrowings, residential accommodation deposits accommodation bonds recognised in the Statement of Profit or Loss and Other Comprehensive Income using the effective interest method.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Trust in accordance with the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the *Financial Report* in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Emphasis of matter – basis of preparation and restriction on use

We draw attention to Note 1 to the Financial Report, which describes the basis of preparation.

The Financial Report has been prepared to assist the Trustees of The Salvation Army (New South Wales) Property Trust Residential Aged Care Services in complying with the financial reporting requirements of Part 4, Division 2 of the *Accountability Principles 2014*.

As a result, the Financial Report and this Auditor's Report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Our report is intended solely for the Trustees of The Salvation Army (New South Wales) Property Trust Residential Aged Care Services and the Department of Health and Aged Care and should not be used by parties other than the Trustees of The Salvation Army (New South Wales) Property Trust

Residential Aged Care Services and the Department of Health and Aged Care. We disclaim any assumption of responsibility for any reliance on this report, or on the Financial Report to which it relates, to any person other than the Trustees of The Salvation Army (New South Wales) Property Trust Residential Aged Care Services and the Department of Health and Aged Care for any other purpose than that for which it was prepared.

Other Information is financial and non-financial information in The Salvation Army (New South Wales) Property Trust Residential Aged Care Services's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Trustees are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

- the preparation and fair presentation of the Financial Report in accordance with the financial reporting requirements of Part 4, Division 2 of the Accountability Principles 2014 and have determined that the basis of preparation described in Note 1 to the Financial Report is appropriate to meet the needs of the Trustees and the Department of Health and Aged Care.
- implementing necessary internal control to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error
- assessing the RAC Combined Group's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.
